## EDUCATION

B. Tech in Instrumentation and Control Engineering	2023-2027	NSUT	6.56 cgpa
CBSE (Class XII)	2022	National Victor Public School	83.6 %
CBSE (Class X)	2020	Victor Public School	95.6 %

## INTERNSHIPS

**Software Development Intern:** Neugence Technology pvt. Ltd. Dec-24 to Jan-25

- Developed responsive, modern UI components using **ReactJS** and **Tailwind CSS**, including interactive animations and cross-device layouts.
- Implemented **React Hooks** and **state management** techniques to efficiently handle component logic across multiple files and improve scalability.
- **View Certificate:** [Neugence Technology pvt. Ltd.](#)

**Software Development Intern:** Vayumandal Innovations pvt Ltd. Sep-25 to Nov-25

- Worked with **Next.js** to build dynamic, optimized frontend pages and efficiently handled file management within the application.
- Deployed complete Next.js projects on **Vercel**, ensuring smooth builds, routing, and production-level performance
- **View Certificate:** [Vayumandal Innovations pvt. Ltd.](#)

## PROJECTS

### VIBIO – Video Sharing Platform

- Built a full-stack video upload platform using **Next.js**, featuring optimized routing, responsive UI.
- Integrated **NextAuth.js** for secure authentication with protected routes and JWT-based session handling.
- Developed a complete video upload pipeline with **ImageKit**, including file handling, validation, cloud storage, and smooth playback.
- **Live Demo:** [Vibio](#)

**Tech Stack:** Next.js, NextAuth, MongoDB, Tailwind CSS, ImageKit, Vercel

### NAVIGATEIQ – Travel Advisory Application

- Built a responsive travel advisory web app allowing users to explore global hotels, restaurants, and attractions with a smooth, intuitive UI.
- Integrated **Google Maps API** for interactive maps, real-time geolocation, and dynamic location markers.
- Implemented data-driven filtering to refine results by rating, price, and category for a personalized search experience.
- **Live Demo:** [Navigate IQ](#)

**Tech Stack:** React, Material-UI, Google Maps API, RapidAPI

## ACHIEVEMENTS

- DTU brainwave 30 hour Hackathon Quant track Winner: [View Certificate](#)
- D'Code Hackonanz 24 hour Hackathon 2<sup>nd</sup> Runner-up

## TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, HTML, CSS
- **Web Development:** ReactJs, Nextjs, Next-auth, React Hooks, React Routers, Nodejs.
- **API & Integration:** Rapid API, Google Maps API, Weather API
